SOFTWARE ENGINEER

Software Engineer specialized in JavaScript with over 4 years of experience in designing and developing scalable, user-centric web applications. Adept at leveraging modern technologies and GenAI to enhance system performance and user engagement, while committed to continuous learning and driving technical excellence in every project.

TECHNICAL SKILLS

Expert in JavaScript, TypeScript, Node.js, Vue.js, React.js, Next.js, MySQL, MongoDB, PostgreSQL
Other Tools & Technologies include Python and GenAI

WORK EXPERIENCE

Software Engineer

GustoRx (gustorx.com)

Mar 2024 - Present

Remote

- Led the end-to-end development of the GustoRx platform using modern technologies, with an emphasis on scalable, high-performance architecture for user engagement.
- Engineered key features such as product catalogs, detailed medical forms, and order fulfillment processes, contributing to a 20% increase in platform usage.
- Designed and implemented an affiliate marketing module that expanded market reach and increased sales by 15% in Puerto Rico region.
- Developed an AI-powered health assistant leveraging LangGraph framework and LLM models, designed to autonomously resolve patient queries.

Software Engineer

Smart Doctors LLC (smartdoctors.us)

Aug 2021 - Mar 2024

Remote

- Developed SmartDoctors telemedicine platform end-to-end using Vue.js and Laravel, enhancing patient-provider communication with a 20% improvement in user satisfaction ratings.
- Built interactive patient and doctor dashboards, streamlining scheduling and appointment management to achieve a 25% reduction in appointment booking time.
- Integrated EHR systems and implemented vitals monitoring tools, significantly enhancing data-driven healthcare delivery.
- Engineered secure communication features including an internal mailbox with document-sharing, improving collaboration efficiency by 20%.

Front-end Developer (Internship)

Smart Doctors LLC

Feb 2021 - Aug 2021

Remote

- Supported in API development and implemented front-end enhancements with Vue.js, resulting in a 30% improvement in application performance and responsiveness.
- Demonstrated strong development capabilities and was promoted to full-time developer within six months, taking on core application responsibilities.

PROJECTS

Tech Portfolio | ranjityadav.is-a.dev

May 2024 - Present

- Developed a personal portfolio using Next.js to showcase my technical skills and expertise.

EDUCATION

Bachelor of Technology in Computer Science

LCET - PTU

2017 - 2021

Ludhiana PB
